

# HealthAI — Terms and Conditions

**Effective Date:** [Insert Date] **Last Updated:** [Insert Date]

These Terms and Conditions ("Terms") constitute a legally binding agreement between you ("User," "you," or "your") and [Insert Company Legal Name] ("HealthAI," "we," "us," or "our"), governing your access to and use of the HealthAI mobile application, website, and related services (collectively, the "Service"). By creating an account or otherwise using the Service, you agree to be bound by these Terms. If you do not agree, do not use the Service.

## 1. Eligibility

You must be at least [Insert Age, e.g., 18] years old to create your own HealthAI account. Where HealthAI permits a Family or dependent profile to be created for a minor or another individual, the account holder creating that profile represents that they are legally authorized to manage that individual's health information on their behalf.

## 2. Description of Service

HealthAI is a personal health analytics platform that allows users to track medicines, upload and store health reports, receive AI-generated health insights and risk indicators, and optionally share access with family members. The Service uses artificial intelligence to analyze user-provided data and generate informational content. **The Service is not a medical device, does not provide medical diagnosis or treatment, and is not a substitute for professional healthcare.** Section 5 below governs this in detail.

## 3. Account Registration and Security

3.1 You agree to provide accurate, current, and complete information when creating your account and to keep that information up to date. 3.2 You are responsible for maintaining the confidentiality of your login credentials and for all activity that occurs under your account. 3.3 You must notify us immediately at [Insert Support Email] of any unauthorized use of your account. 3.4 We reserve the right to suspend or terminate accounts that provide false information or that are used in violation of these Terms.

## 4. Family and Multi-User Accounts

4.1 An account holder may invite family members to view or manage certain data through granular, per-member permissions (e.g., view reports, manage reminders, book appointments, manage medicines, invite members, edit profile). 4.2 **The account holder is solely responsible for determining who is invited and what level of access is granted.** HealthAI is responsible for enforcing whatever permission level is configured, but is not responsible for the account holder's decision to grant access to a given individual. 4.3 Any individual added as a family member without their knowledge or consent should be reported to [Insert Support Email] immediately.

## 5. Medical and Clinical Disclaimer

5.1 **HealthAI does not diagnose, treat, cure, or prevent any disease or medical condition.** All health scores, AI-generated insights, risk predictions, and chat responses are informational and probabilistic in

nature and do not constitute clinical advice, diagnosis, or treatment recommendations. 5.2 **Always consult a qualified healthcare provider** before making any medical decision, including starting, stopping, or changing any medication, treatment, or care plan. 5.3 Medicine and drug-interaction information provided through the Service is AI-generated, may be incomplete, and must be independently verified with a licensed pharmacist or physician before you rely on it. 5.4 AI-generated risk predictions and family health insights are decision-support signals intended to prompt a conversation with a healthcare provider — they are not clinical determinations. 5.5 **This Service is not for medical emergencies.** If you believe you are experiencing a medical emergency, contact your local emergency services immediately (see Section 6). Do not rely on the Service to detect, monitor, or respond to an emergency.

## 6. Emergency Protocol

The Service may display locally relevant emergency contact information based on your account's registered country. This feature is provided as a convenience only. HealthAI does not monitor user activity for signs of a medical emergency, does not guarantee detection of an emergency from any message or data you enter, and assumes no responsibility for delayed or absent emergency response. **In an emergency, always contact local emergency services directly and immediately.**

## 7. User Responsibilities and Acceptable Use

7.1 You are responsible for the accuracy and completeness of any data you enter, including self-reported symptoms, medicines, and uploaded reports. AI-generated insights are only as reliable as the information provided. 7.2 You agree not to:

- Use the Service to obtain medication for misuse or in violation of applicable law;
  - Impersonate another individual when creating a family-member profile;
  - Attempt to re-identify anonymized or aggregate data;
  - Attempt to reverse-engineer, scrape, or interfere with the Service's underlying AI models or infrastructure;
  - Use the Service in any way that violates applicable law or infringes the rights of any third party;
  - Upload content that is unlawful, defamatory, or that you do not have the right to share.
- 7.3 We reserve the right to suspend or terminate access for any violation of this Section.

## 8. AI-Generated Content

8.1 Content generated by the Service's AI features (health scores, chat responses, risk predictions, interaction analysis) is produced by automated systems and may contain errors, omissions, or outdated information. 8.2 We continuously work to improve the accuracy and safety of AI-generated content but do not warrant that it will be error-free, complete, or suitable for any particular purpose. 8.3 You retain the right to request that your data not be used to train or fine-tune AI models, as described in our Privacy Policy. This opt-out applies to future training activity; it may not be possible to fully remove your data's influence from a model that has already completed training.

## 9. Subscription, Fees, and Payment

9.1 HealthAI may offer free and paid subscription tiers, as described at [Insert Pricing Page URL]. 9.2 Paid subscriptions renew automatically at the then-current rate unless cancelled prior to the renewal date, in

accordance with our Refund & Cancellation Policy (see the Additional Key Points document). 9.3 We reserve the right to change subscription pricing with at least [Insert Notice Period, e.g., 30 days'] advance notice to existing subscribers.

## **10. Intellectual Property**

10.1 The Service, including its software, design, trademarks, and AI models, is owned by [Insert Company Legal Name] and its licensors and is protected by applicable intellectual property laws. 10.2 You retain ownership of the health data and content you upload. By using the Service, you grant HealthAI a limited, non-exclusive license to process that data solely to provide and improve the Service, subject to the Privacy Policy and your consent preferences.

## **11. Third-Party Services and Data**

The Service may incorporate third-party reference data (e.g., medicine and drug-interaction databases) and third-party integrations (e.g., wearable device data). HealthAI does not control and is not responsible for the accuracy of underlying third-party reference data, and integrates it on a best-efforts, kept-current basis.

## **12. Disclaimers and Limitation of Liability**

12.1 THE SERVICE IS PROVIDED "AS IS" AND "AS AVAILABLE" WITHOUT WARRANTIES OF ANY KIND, EXPRESS OR IMPLIED, INCLUDING WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, AND NON-INFRINGEMENT. 12.2 TO THE MAXIMUM EXTENT PERMITTED BY LAW, HEALTHAI'S TOTAL LIABILITY ARISING OUT OF OR RELATED TO YOUR USE OF THE SERVICE, INCLUDING ANY AI-GENERATED CONTENT, SHALL NOT EXCEED THE AMOUNT YOU PAID TO HEALTHAI IN THE TWELVE (12) MONTHS PRECEDING THE CLAIM, OR [Insert Amount], WHICHEVER IS GREATER. 12.3 This limitation does not apply to liability arising from HealthAI's gross negligence, willful misconduct, or a security breach caused by HealthAI's failure to implement the safeguards described in our published Privacy Policy. 12.4 Nothing in these Terms limits any liability that cannot be limited under applicable law.

## **13. Indemnification**

You agree to indemnify and hold HealthAI harmless from any claim, loss, or damage arising from your violation of these Terms, your misuse of the Service, or your violation of any third party's rights.

## **14. Termination**

14.1 You may close your account at any time through the app settings or by contacting [Insert Support Email]. 14.2 We may suspend or terminate your access for violation of these Terms, non-payment, or as required by law. 14.3 Upon account closure, your data will be handled in accordance with our Privacy Policy's data deletion and retention provisions.

## **15. Governing Law and Dispute Resolution**

15.1 These Terms are governed by the laws of India, without regard to conflict-of-law principles. 15.2 Any dispute arising under these Terms shall be subject to the exclusive jurisdiction of the courts of [Insert

City, e.g., Guntur / Amaravati], Andhra Pradesh, India, or resolved through arbitration under the Arbitration and Conciliation Act, 1996, at the election of [Insert Company Legal Name] [Insert further arbitration detail if applicable]. 15.3 Users located outside India may be subject to additional or different terms as required by local law; where required, a region-specific addendum will be provided.

## **16. Changes to These Terms**

We may update these Terms from time to time. Material changes will be notified to you via the app or email at least [Insert Notice Period, e.g., 15 days] before taking effect. Continued use of the Service after changes take effect constitutes acceptance of the revised Terms.

## **17. Contact Us**

For questions about these Terms, contact us at: [Insert Company Legal Name] [Insert Registered Address]  
Email: [Insert Support/Legal Email]
